

# CONTRACT OF SALE OF FROZEN EQUINE SEMEN FOR THE PURPOSES OF ARTIFICIAL INSEMINATION

**Dynamik Stallions**  
ABN 60 207 018 210

*This contract is for the provision of frozen semen purchased from **Dynamik Stallions** and is made between the individual or entity named in the schedule (hereinafter referred to as "the purchaser") and **Dynamik Stallions (trading as Dynamik Stallions)** of Lot 13 Dairy Link Mardella WA 6125.*

*Under this agreement, equine frozen semen provided by **Dynamik Stallions** will be sold to the purchaser for Artificial Insemination to a mare by a licensed Veterinarian at the agreed fee and upon the terms and conditions outlined in this contract.*

## TERMS AND CONDITIONS FOR THE PURCHASE OF EQUINE FROZEN SEMEN FROM DYNAMIK STALLIONS

- Limit of ONE pregnancy per "dose" of semen purchased. If a second pregnancy is achieved from the one dose, then the Purchaser must pay the value of another dose of frozen semen.
- Semen fees are non refundable.
- There is no Live Foal Guarantee for equine frozen semen provided by Dynamik Stallions
- The Artificial Insemination of the mare must be performed by a Licensed Veterinarian only.
- A Service Certificate will be provided by Dynamik Stallions once the mare owner send a completed "Mare Identification Form" as provided as part of this contract. The Veterinarian that inseminates the mare via Artificial Insemination must also sign the form provided.
- The purchaser of equine frozen semen provided by Dynamik Stallions is allowed to on sell any doses of semen that they have not used as long as the new buyer is made aware of, and abides by terms and conditions of this contract.

## TRANSPORT OF EQUINE FROZEN SEMEN

Frozen semen is stored at Gene Movers and can be transported to any veterinary hospital in Australia. For clients in Western Australia frozen semen is also stored at Baldivis Veterinary Hospital. Contact Dynamik Stallions if you wish to move frozen semen within Western Australia. Alternatively, mares can also be bred at Baldivis Veterinary Hospital in Western Australia using frozen semen doses.

Once the payment has been made to Dynamik Stallions the semen will then be released to the purchaser. The purchaser can make arrangements directly with Gene Movers to have the semen transported to their chosen Veterinary Hospital.

Purchases of frozen semen from Dynamik Stallions are required to make their own transport arrangements directly with Gene Movers.

Please contact Gene Movers directly for quotes relating to the transport of the semen to your Veterinarian.
